### (03) What was Gravity the Movie ?

on the surface or to the  
Human Mind and Eyes  
the movie 2013 movie "Gravity" starring  
Saundra Bullock and George Clooney  
was suppose to be a downhill  
rollercoaster ride with exciting scenes  
from 180 miles above planet earth.

but in my opinion it was a  
Spiritual Message  
from the world of  
Supernatural Forces

ideas that reinforced my belief Miracles  
and things that can not be explained !

### (4) Gravity Movie Review as an Art Show !

the 2013 movie Gravity Review is also an  
Art Show  
and a  
Short Story E Book article

it is a struggling artist attempt to

- (1) show the world his digital paintings of  
Outer Space
- (2) show the world his creative skills as a  
Writer and Dreamer
- (3) confess his Love to the creator of  
Heaven and Earth  
Almighty God !

### (5) Gravity Movie as a Science Fiction Story !

without the constant killing and bloody scenes like the Alien movies with Sigourney Weaver

the movie Gravity is a movie that keeps you on the edge of your seat with chilling scenes that were realistic and gave you the feeling that you were in outer space with Sandra Bullock.

many of the scenes based on factual information, the movie described real life incidents of what can happen in outer space !

now I wonder if those things happened and scientist keep it secret !

### (6) Gravity the Movie as a Miracle Story !

more than a story about Outer Space

to believers in

Almighty God

and his ability to perform

Miracles

the movie Gravity was a

Divine Message

of hope and inspiration.

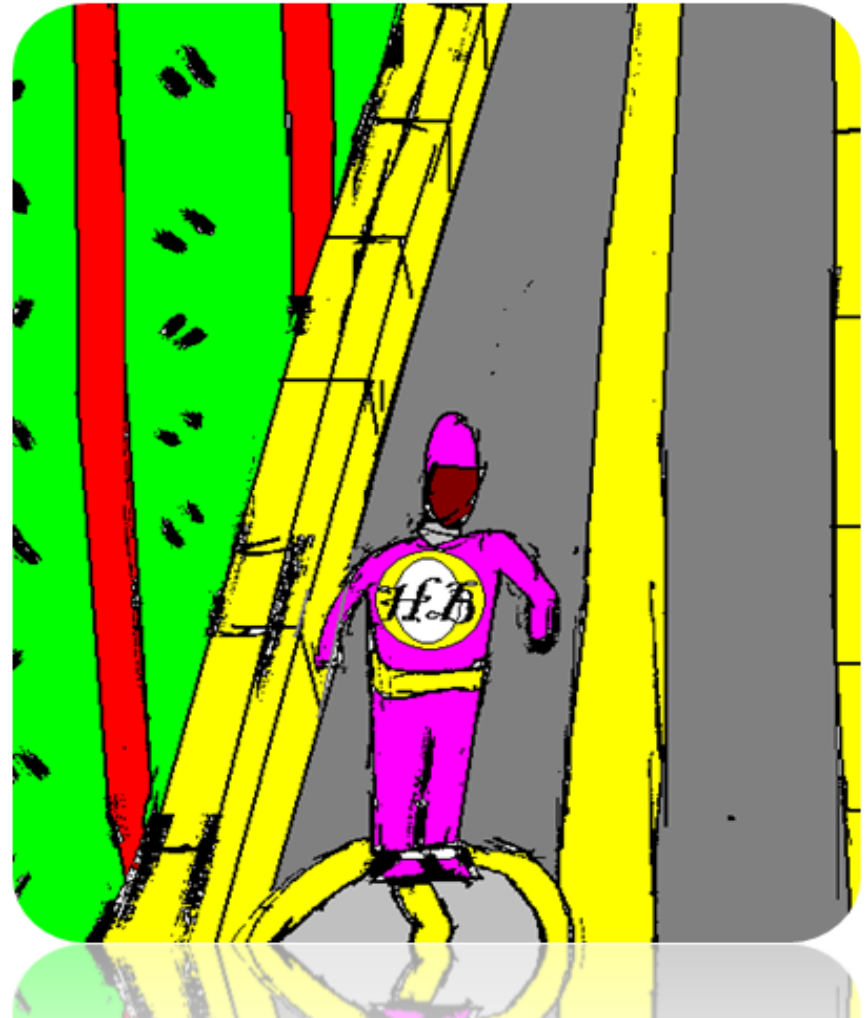

in my opinion a message that

proves and reinforces that

all power and glory is Almighty God's !

the Creator who decides

when everything begin and end.

### (7) Favorite things about the Movie Gravity !

while almost every scene in the movie Gravity was thrilling from beginning to end,

what I loved most about the movie were two scenes with

George Clooney and Sandra Bullock where

- (1) George Clooney made a special sacrifice so Sandra Bullock could live and
- (2) George Clooney or a Supernatural Force returning to the Escape Pod giving Sandra Bullock advice on how to safely return to the planet earth.

### (8) - Gravity as a story of Sacrifice !

one of the things that makes me believe in  
Almighty God the most is  
when human beings make  
Sacrifice for other human beings.

near the beginning of the movie,  
while Sandra Bullocks begs him not to do it,  
George Clooney gives up his life so she can live.

the act of putting another needs above your own  
is not of the will of men, but the actions of a  
Divine Force that has a Spiritual Purpose  
in its actions.

a Spiritual Purpose I can not explain  
but unconditionally believe in.

### (9) Gravity as a Divine Miracle 1 !

without a single word about  
Almighty God  
or quote about Super Natural Forces  
in the entire movie

I could see and feel  
Almighty God or a Divine Spirit Presence  
through George Clooney at a moment when  
Saundra Bullock was hopeless and  
gave up the will to live.

though nothing in the movie said it was a true story,  
I believe in the Divine Miracle

I know things like that happen in this world  
that can not be humanly explained !

**(10) Gravity as a Divine Miracle 2 !**

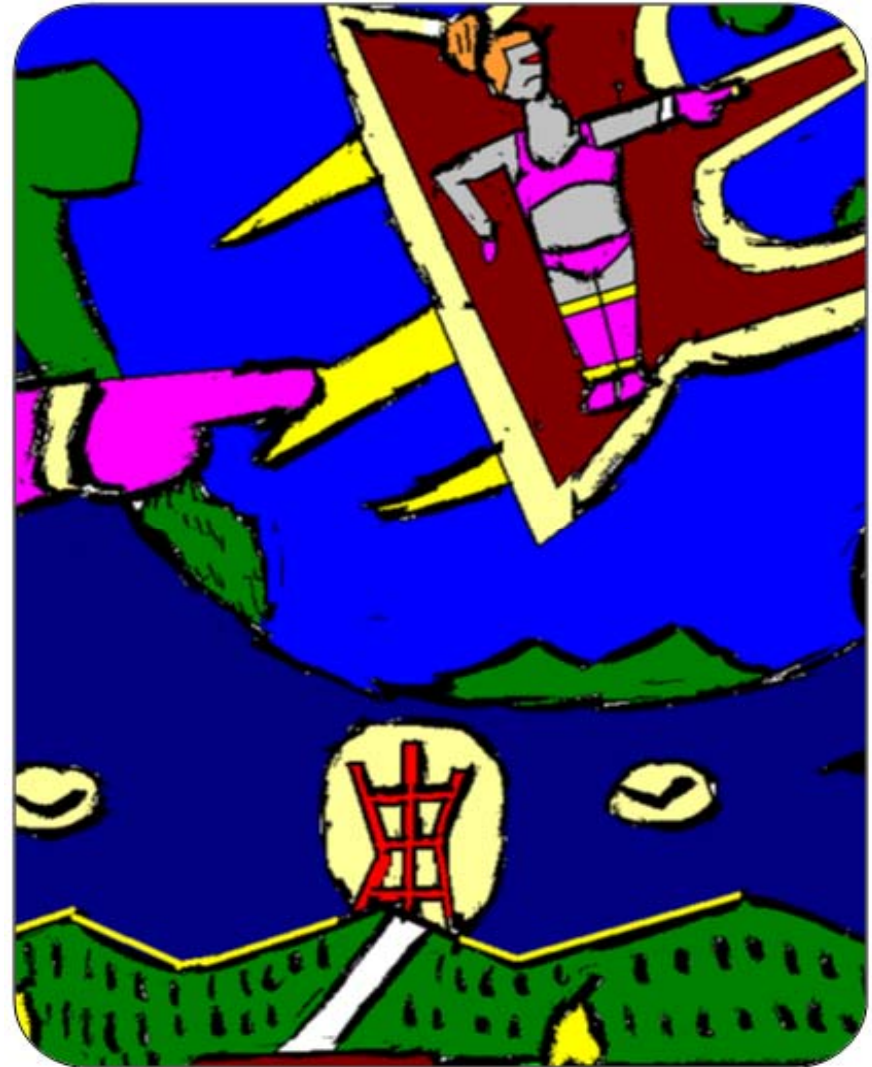

as a believer in Miracles  
and person who

- (1) personally witnessed many miracles
- (2) heard miracle stories from people I believe in
- (3) read miracle stories from people that was to  
spectacular to be fiction

the movie Gravity reinforced my belief in the  
World of Super Natural Forces.

at a time in my life where  
Poverty and Business Failure  
are my constant companions

I still love Almighty God unconditionally !

### (11) about Atheism 1/ Richard Dawkin

at a moment when my Faith in  
Almighty God and Miracles  
were at its strongest,  
I was cursed to here a lecture by a  
Famous Athiest  
Richard Dawkins

my definition of an Athiest  
is a person who does not believe in  
Almighty God  
or also believes more in Science  
(the ability of humans to explains everything)  
than they do  
Miracles -  
some things in this life  
that can never be explained.

**Antonio the Explorer - Journey into the world of Supernatural Forces !  
Review of the 2013 movie - "Gravity"  
(12) about Atheism 2/ Richard Dawkin**

the lecture I heard on the night of October 22, 2013  
was one of the most depressing lectures  
I ever heard in my life.

after my Faith in Almighty God was renewed  
while watching the movie Gravity,  
the words of Lecturer and Scientist  
Richard Dawkin attempted to, but  
did not make me question my Faith.

but made me wonder how some people  
could see things so differently

some people having Faith in themselves.

other people having Faith in what can not be seen.

(13) about Atheism 3/ Richard Dawkin

while in my opinion one of greatest things in movie Gravity was the Sacrifice George Clooney made by for Sandra Bullock

Richard Dawkin in his lecture of 10/22/2013 on KQED radio showed the Anti Spiritual Quality of Selfishness with no regard of Christian or Religious people feelings.

his words describing believers in Miracles and Super Natural Forces as stupid and insane (his words) shows the heartlessness of Atheist and what will make us continue to live in world where so many people suffer and live without hope.

**Review of the 2013 movie - "Gravity"**

**(14) about Atheism 4/ strengthening Faith**

in a movie named Robin Hood with Russell Crowe,  
he made a statement about a woman he was  
order to kill that moved my soul.

what he seen in the woman eyes was **not fear**  
or a plea for mercy, but pity,  
because she was 100% sure her killer would have  
answer for their acts of injustice.

my heart is full of pity for Atheist,  
not because of their cruel words or turning a  
blind eyes to acts of injustice,  
but because somewhere in the future  
they will have to live the life I live today,  
a life void of hope and dreams  
a life where they will look for death  
with no chance of finding it.

### (16) Gravity - summary/the Miracle !

the mystery in life I am so desperately searching for is "When" and "Why" Super Natural Beings act when they do.

a common theme I seen in my life and other story about miracles is a divine presence acting at a moment of **Total Hopelessness**, when the spirit to live has abandon them.

is reaching that state of total hopeless a state that people can wish or pray for or does the condition have to be 100% real.

it was for Sandra Bullock in Grativity she lost all Hope and witness a Miracle.

### (17) Gravity - summary 3/seeing God

while George Clooney played the part of the person or thing that came to Sandra Bullock and told her how to safely return to earth.

in my opinion the scene showed a big spiritual part of Almighty God

thou not showing a physical body the scene showed an entity who was

(1) compassionate and merciful

(2) on a divine mission

but most of all

(3) could perform miracles.

while the chances of finding a buyer for my art collection of 22+ year is like winning a state state lottery, ten million to one,

the spirit of Faith demands I take a chance with this and other webpages in my short stories.

in many ways this webpage is the race I failed to run when I was younger.

if someone buys my collection they will get several thousand images of (1) fine line drawings (2) hand paintings of sketches (3) digital painting of sketches and (4) digital photographs.

### (19) - AMBS - Other Miracle Stories

in late 2011 and early 2012 I wrote a series of six stories about Miracles and Super Natural Forces.

while the books of the stories did not earn me any money or get a lot of views on the internet, I am proud I finished what I started and created a memory of people in my family that will last forever.

I pray you read my stories about miracles, especially the one about my grandmother Cleo, so she can live through you, she would be one hundred years old this year if she was alive.

hers and the other miracles stories can be found at:

### (20) - Gravity Review - Final Words !

thank you reading **this** story about the movie  
"Gravity"

I used the words "**this story**" instead of a my story  
because I feel I am being directed to write this  
story by a force beyond my control.

finishing and publishing this shows in some kind  
of way I completed a spiritual mission.

my hope is this movie review and short story  
creates new believers of Super Natural Forces.

may all your dreams come true !
